Iconica Sketch
for iPhone and iPad

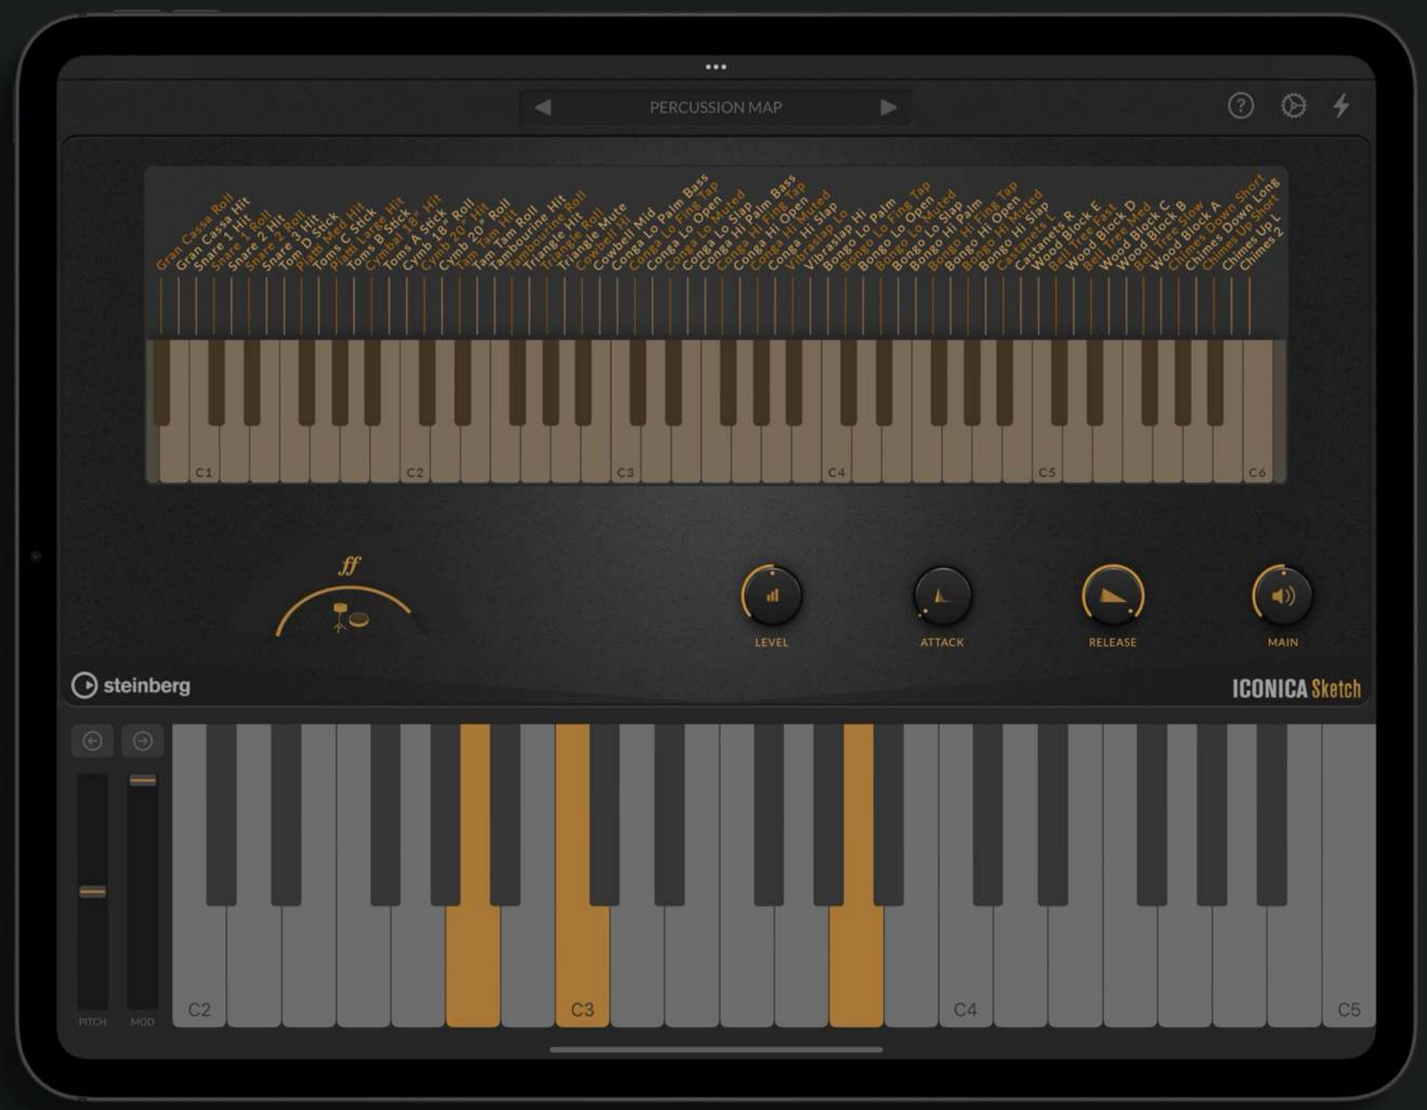
steinberg

Your ultimate orchestra app for iPhone, iPad and every AU compatible mobile DAW

Iconica Sketch brings the power of a full orchestra to your fingertips, offering top-tier audio quality and effortless simplicity. Whether you're crafting symphonies, scoring epic trailers, or producing chart-topping pop tracks, Iconica Sketch is designed to inspire and empower you – anywhere, anytime. Seamlessly integrate Iconica Sketch with your favorite mobile DAW, including Cubasis, Logic Pro for iPad, AUM, GarageBand and many more. Bring your musical ideas to life on the go with Iconica Sketch for iPhone and iPad.

A complete orchestra
for iPhone, iPad and AU

Incredible-sounding instruments
from violins to percussion



Compose and arrange
in any AU-compatible DAW

Short and long articulations including legatos

Quickly capture ideas
from first inspiration to full arrangement

Always ready
when inspiration strikes

Whether you're on your iPhone or iPad, you'll have a full range of instruments ready to play on their own or within every AU-compatible mobile DAW. Iconica Sketch is compact in size, fast to load, easy to use and features high-quality, detailed recordings from the Orchestral Tools Iconica library, designed to effortlessly produce modern, cinematic scores or enhance modern pop tracks. Take Iconica Sketch with you wherever you go, and let your ideas flow freely, no matter when and where creativity strikes.
